

Gentec-EO 製品の機器サービスプラン。再校正1回と、Gentec-EO保証の1年間延長が含まれるプランです。

#### プロダクトファミリーの主な特長

##### GET THE BEST PERFORMANCE FROM YOUR INSTRUMENTS

To maintain metrological traceability in your operations, your measurement instruments need to be periodically calibrated. A **Gentec-EO Care Plan** takes care of this for you, allowing you to focus on your core business. We maintain the highest quality standards for calibration and repair, because our world-class metrologists and calibration technicians design and perform the services.

##### EXTEND THE MANUFACTURER'S WARRANTY FOR 12 MONTHS

All Gentec-EO instruments include a standard manufacturer's warranty for one year. **Gentec-EO Care Plans** add 12 months to the warranty, starting after the first-year warranty ends.

##### WHY CHOOSE A GENTEC-EO CARE PLAN?

- Periodic accredited recalibration ensures that your measurements remain accurate and traceable throughout your instrument's life cycle
- Free repairs keep your laser beam measurement instruments in working order at all times
- Fixed maintenance costs mean cost predictability and no unpleasant surprises

##### WHAT'S INCLUDED?

- One recalibration
- Parts and labor for repairs
- Replacement of wearable parts

Warranty service and recalibration are subject to terms & conditions
